

Safe Harbour

Update

We had an opportunity to sail out of Snug Harbour on our May 27 cruise. And, it proved to be ideal; wheelchair accessible with plenty of room at the dock for our guests as they assembled to board M.V. Wayward Princess.

"Snug Harbour would be an ideal location"

Accessibility, to and from the harbour, at the dock, and on board the boat itself is a key factor. So too is having amenities close to hand, not only for people with disabilities but also for their family members, friends, and helpers. CharterAbility is committed to a fully inclusive environment that everyone can enjoy.

Of all the harbours in the Greater Toronto Area, Port Credit is the most accessible having ample parking facilities and being close to the GO Station. Snug Harbour offers an ideal location for the boat, a view shared by representatives of the City of Mississauga Lakefront Promenade Marina is located in one of the largest and most beautiful park developments on Lake Ontario. The protected harbour makes the marina an ideal place to dock and take advantage of more than 40 scenic hectares of public land featuring a playground area; play apparatus shaped like a 60-foot ship; splash pad; boardwalks; picnic shelters; barbecues; and concession facilities. The harbour has been redeveloped into a dynamic public waterfront facility with a first-class transient marina, waterfront cycling and pedestrian trail (wheelchair accessible) connecting it to Snug Harbour.

Rich in history and quaintly picturesque, the Village of Port Credit has an array of shops, boutiques, restaurants, marina services and grocery stores all within walking distance.

The Port Credit Business Improvement Association comprises over 350 businesses ranging from professional services, marinas and marine supplies, live theatre, restaurants and licensed establishments to retail businesses including many specialty shops. The mandate of the BIA is to improve, beautify, and maintain public lands and buildings beyond that which is provided by the municipality at large, and to promote the Village of Port Credit as a business and shopping area.
